EXPLANATORY NOTE

WHEREAS, Section 30 of Republic Act No. 11223 or the Universal Health Care Act and its
Implementing Rules and Regulations strengthen the adoption of integrated and comprehensive

approach in ensuring that all Filipino are health literate, provided with healthy living conditions, and protected from hazards and risks that could affect their health status, by directing Local Government Units (LGUs) to issue and implement effective health promotion policies, and programs that promote health literacy and healthy lifestyle among their constituents, prioritizing programs that address key risk factors to prevent and control disease as well as to advance population health individual wellbeing in Province-wide and/or City-wide Health System (P/CHWS);

WHEREAS, Section 17 of the UHC Act, in ensuring that all Filipino are guaranteed equitable access to qualify and affordable health care goods and services, likewise mandates the establishment of primary care networks for the delivery of health services. These primary care provider networks, which include BHWs community health workers and volunteers, deliver services, serve as initial contact and navigator to guide patient's decision making for cost efficient and appropriate levels of care, and coordinate patients to facilitate two-way referral and remove barriers to health services;

WHEREAS, Republic Act No. 7883 or the Barangay Health Worker's Benefit and Incentives Act of 1995 and IRR first recognized these key roles of the BHWs as essential volunteer community health workers in the delivery of primary care, and first guaranteed training and material support to improve their services to the community;

WHEREAS, currently BHWs remain as indispensable member of the Local Health System serving the frontline of the pandemic prevention and response actions in the community, assisting in the operations of the Barangay Health Stations, Urban Health Centers, or Rural Health Units, conducting house visits, and helping in organizing and mobilization of community members for relevant health events and activities;

WHEREAS, towards the goal of further strengthening primary care and reorienting services towards health promotion as envisioned now by the UHC Act, DOH AO No. 2020-0024 on the Primary Care Framework and Sectoral Strategies further underscores the need enhance the capacities of primary care workers including the BHWs, as an important strategy to ensure quality, safe, and affordable care, and to achieve the full realization of primary care;

WHEREAS, consistent with Memorandum of Agreement for Inter-Local Government Cooperation, which seeks to ensure and strengthen the collaborative linkages between the Provincial Government and its component Municipal and City Governments to ensure the functionality of the PWHS, the inclusion of BHWs is highlighted in the assessment of existing human resource supply and capabilities, for the purpose of upgrading their technical and institutional capacities;

WHEREAS, in recognition of this strategic position of the BHWs, DOH AO No. 2020-0042 of Health Promotion Framework Strategic in P/CWHS designates the BHWs as barangay-level HEPOs for community-level implementation of health promotion policies, programs, and activities;

WHEREAS, in relation and support of the foregoing provisions, DOH AO No. 2020-0042 on Guidelines for the implementation of Local Health System Maturity Levels, requires this designation of the BHWs as barangay-level HEPOs with defined terms of reference, or scope of work for health promotion, as one of the key result areas for determining the integration maturity level of the Municipality;
