R.A. 10121 otherwise known as the Philippine Risk Reduction and Management (PDRRM) Act of 2010 aimed at strengthening the country's national DRRM system towards sustainable economic development by mainstreaming the same in all national and local development processes and requiring the institutionalization and organization of its structures in all levels of government nationwide where local DRRM plans and policies will be developed and where implementation of actions and measures pertaining to all aspects of DRRM will be initiated.

In compliance with the mandate, this Honorable Body deemed it imperative to upgrade its existing Local Disaster Risk Reduction Office (LDRRMO), a division under the Office of the Mayor to a full department in response to the ever-increasing public service demand in setting-up the direction, development, implementation and coordination of disaster risk management programs including devolved functions of the approved LGU-Carmen Devolution Transition Plan (DTP).

It is essential for the municipality's Disaster Risk Reduction Management programs to be implemented effectively and efficiently that a Local Disaster Risk Reduction Office be established, followed by the creation of the position of Municipal Government Department Head I (Local Disaster Risk Reduction Management Officer), Salary Grade (SG)-24, being a mandatory position to all Local Government Units as identified Mandatory Positions in accordance with CSC Memorandum Circular No. 12, Series of 2022.
